Pharmaceutical & Health Specialists

# Give your marketing a clean bill of health.

Design Inc is an agile and innovative full-service creative agency based in Surrey. We support clients in the pharmaceutical, medical and broader healthcare space. Our understanding of the dynamics of integrated marketing means we bring an independent perspective to channel selection, extending your reach and gaining the best engagement from your budget.

## Together we will:

- Differentiate your products within each clinical therapy area with branding cut-through and creative advertising campaigns.
- Target and your stakeholders with targeted, relevant and on-brand content.
- Attract and retain the best staff through challenging recruitment campaigns and empower their CPD with immersive training tools to keep your IP ahead of the competition.
- Ensure your compliance and policy documents remain accessible and consistent.
- Report and review your company performance to shareholders and regulatory bodies against commercial, ethical and sustainability benchmarks.
