

Make a Splash

designinc

Integrated marketing
& communications specialist

We'll not only help you make a bigger splash...

Design Inc is a professional, flexible and cost effective creative agency based in Surrey. We support small, medium and large companies in the Offshore & Renewables sector as well as the broader engineering sector. Our understanding of this dynamic and evolving sector means we are ideally placed to both initiate and see through your marketing plans.

...but we'll make sure you get the most reach from the ripple-effect.

- For tech start-ups, our understanding of the industry will enable us to create a unique, engaging and memorable brand for your business.
- We'll build you a robust, mobile-first website that will be readily found by searchers, provide relevant engaging content with tangible benefits and strong CTAs.
- Keep your audiences engaged and up to date with company news and product launches, tailored training materials and reports.
- Attract more business through stand-out traditional print, online and SM advertising, promotional and email campaigns.
- Ensure exhibition and experiential events achieve maximum reach and when combined with regular CRM provide means to maintain ongoing dialogue with your customers.

“

We've been working with Design Inc for more than ten years now and they really have proved time and time again why they are our design partner of choice.

Frank and his team work across all our key media channels including; brand, publishing, digital and experiential and consistently manage to deliver strong, creative ideas as well as powerful delivery platforms.

All in all, they provide a great level of personal service playing an important part in keeping Subsea UK ahead of the communications curve.

Neil Gordon, Chief Executive, Subsea UK
